

Card holder set consist of twelve (12) 2 ½" wide clear PVC plastic pieces with gripper technology that allows you to insert any sign or pricing material up to .080" thick. Complimentary price cards are included if you choose to use them.

- Insert the card into the gripper with the Houston Wire Works name to the back. Use the plain white surface to record price or product information, once card is inserted in gripper bend upwards to desired angle.
- If you choose not to use the cards simply insert your own into the gripper (.080" or less thick)
- Attach clips over horizontal wire as shown.
- Card holders are designed to work with Add-A-Shelf as well.

For reorder or questions please call Houston Wire Works @ (800) 468-9477 or www.houstonwire.com.
